Responding to your needs

1

Skills

Contentious asset tracing and recovery

- Experienced team focusing solely on hidden asset tracing and recovery
- Dedicated intelligence team supported by on-the-ground personnel

Global network expertise

- A coordinated network of global recovery professionals in more than 140 different countries providing on-the-ground local expertise

2

Actions

- Trace, identify and secure hidden assets
- Recover assets using a range of tools including civil and criminal procedures, insolvency and court appointed receiver powers
- Overturning antecedent transactions and recovering the funds
- Assisting with prosecutions
- Phased approach for recovery of assets to minimise cost
- Manage external costs
- Customised fee structure
- Regular reporting

3

Outcomes

- Asset tracing results
- Commercial recovery for client

A pragmatic approach

1

Phase 1: Information gathering

- Business intelligence
- Identification and tracing of individuals, associates and family
- Links to offshore trusts
- Links to corporate entities
- Identification and tracing of property, cash, tangible and fungible assets
- Establish existence of other creditors or competing claimants

2

Phase 2: Agreeing a strategy

- Recommend options for recovery
- Identify routes to assets
- Agree optimal strategy with client
- Cost v benefit analysis
- Litigation support
- Settlement negotiation
- Court procedures, civil recovery and insolvency options

3

Phase 3: Implementation

- Commence actions
- File for insolvency appointment
- Liaison with regulators and enforcement agencies
- Appoint local counsel and agents
- Settlement or litigation

4

Phase 4: Process review

- On-going liaison with and reporting to client
- Regular debrief
